

# FIRST TIME BREEDER PROGRAM FOR THE 2016 BREEDING SEASON

The American Saddlebred Registry's First Time Breeder Program is for mare owners or lessees, who are first time breeders during the 2016 breeding season. A first time breeder would be defined as someone that is not listed as a breeder of any horse in ASR records; either as an individual or as an owner of a farm, partnership, corporation, or an LLC before December 31, 2016.

Mare owners or lessees will be required to contact the stallion owner or agent for approval of their mare. The first time breeder selected by the stallion owner will receive one free stallion service fee to one of the 23 stallions enrolled. The owners of these stallions have generously donated one free breeding to a first time breeder for the 2016 breeding season. Shipping and collection fees may apply, and should be discussed with the stallion owner.

Stallion owners or agents are required to contact ASR for first time breeder verification before a mare is bred, and to submit the name of the mare and the name of the owner or lessee to ASR by December 31, 2016. Upon first time breeder verification, the ASR will waive the registration fee of \$45.00 for the resulting foal, if the application for registration is submitted to the ASR within six months of foaling. The first time breeder must be an ASHA member, and will be responsible for any other fees pertaining to registration.

First time breeders are encouraged to contact stallion owners before the start of the 2016 breeding season. Please contact Lisa Duncan at 859-259-3881 or [l.duncan@asha.net](mailto:l.duncan@asha.net) with any questions.
