

MICROCHIP REPORT

The Registry of the American Saddlebred Horse and Breeders Association (ASHBA) will record microchip numbers in the database at no charge upon receipt of this properly completed form, along with photos of each horse*.

The microchip number will automatically appear on the horse's registration certificate that is printed for any reason, such as a transfer of ownership.

If you wish for your registration certificate to reflect the microchip number immediately, you may include the original certificate along with this form, photos, and a \$25 correction fee per horse made payable to ASHBA.

***NOTE: Photos (front, rear, each side) are required for each registered horse for which a microchip number is being submitted. The Registry of the ASHBA recommends that you have a licensed veterinarian implant the microchip.**
